

## DMK-ERP's Hierarchical Design Structure

DMK-ERP's Hierarchical Design Structure, as indicated in the above example, will accommodate every imaginable organizational structure facilitating ease and visibility in planning, buying, transferring, selling and analyzing merchandise movement and margins across the *entire* retail value chain. Further, DMK-ERP's design has the following features:

- Visual and easy to locate folders
- Unlimited levels
- Position in hierarchy determines relationships of folders and folders can be given "actual" names
- Lowest folders can be copied and pasted into new relationships
- Reference field does not have to contain any numbers.
- Highly flexible to accommodate future business changes and reporting requirements
- Transparency of operations across the entire value chain

**WE THINK THEREFORE YOU CAN**
